Thank You to everyone who helped to make the 2016 Motorcycle Roadracing Association's Season Program a success. With the tremendous support from the advertisers, the input from the members, and the pictures from a whole bunch of very talented photographers, we had the means to create an outstanding program. I would especially like to thank Ricky Orlando for his countless hours of help, to my son Jacob for his patience while dad worked on the program instead of playing, and to my wife Connie for proofreading and taking care of everything else in my life while I worked on this program.

Aaron Fisk
Vice President

Jim Wilson
President

Laci Lukachy
Treasurer

Jim Brewer
Rider Representative

Greetings MRA members and fans!

Welcome to the 2016 season. First and foremost thanks for re-electing me to another term as your President. There is nothing I want more than to see the MRA and our members be successful. To that end I'm pleased to announce that we have several new people joining us to lead the organization this year. Please join me in welcoming:

Brett Leveque is our new VP of Rules and Tech. Brett joins the board after being a racer in our club for a couple of seasons. In addition to wanting to contribute to the club he brings with him years of experience as a crew member for a professional auto racing team.

Rick Grosse is our Track Marshal. If you've been around the track any time in the past decade you've probably seen Rick around. His better half, Jen Jen, is our Secretary. He's been involved on the periphery of the operation for years and last year stepped up as our equipment manager. This year he takes his commitment a step further by formally joining the board.

Jason "Hammer" Madama has taken over as our rider rep in charge of Public Relations. He comes with a wealth of graphic design experience and the mindset of a rider and racer, which makes him an ideal rider representative.

Wrapping up our new board members is Treasurer Laci Lukachy. Laci brings thirteen years' experience in financial institution management.

2015 was a year full of challenges. We all had to face the very real loss of a dear friend. "Hot Carl" races on in our memories, on our bikes and in our hearts. We've created a traveling award that will go to the winner of the Thunderbike class each year going forward. The first winner of the award, Jon Glaefke, battled Carl for the first ever Thunderbike championship and continues to race that class today. We look forward to that competition in 2016. Next to that the other challenges look small, but weather at the first round certainly put a damper on the beginning of the season, but we bounced back and forged forward to an outstanding series.

2016 is shaping up to be a great year – sure, we will have challenges but I've been working hard with the rest of the board to assure that we have another great year of competition and camaraderie.

I can't wait to see you at the track!

SPORTSMAN OF THE YEAR

Chris Sorensen

A Sportsman, as described by the Webster Dictionary, is a man or woman who exhibits qualities, especially esteemed in those who engage in sports, such as fairness, self control and courtesy. The Sportsman of the Year award is given to a racer that continually demonstrates that they are a Sportsman, as well as one who puts forth a tremendous effort to help the club and their fellow racers. While in the past the recipient of this award was chosen by the previous years Sportsman, starting in 2004 the recipient is chosen by the MRA board of directors. The MRA would like to thank Fay Myers for providing the Sportsman of the Year trophy.

ROOKIE OF THE YEAR

David Day

For many years the MRA has been blessed with outstanding novice racers who have proven that the MRA is not a little club, but rather one to be reckoned with. In 1998, the board of directors decided to create an award that recognized the "first season, true novice racer" who had the greatest improvement in skill and speed over the course of the year. This isn't necessarily the racer who always wins, or spends the most money. Rather it is the one who truly commits themselves to learning the craft of motorcycle road racing and, as a result, improves their skill by leaps and bounds in their rookie season.

SUPERSTREET CLASS

The MRA Superstreet class is designed to allow street riders a low cost way to experience the thrill of closed-course motorcycle competition. Registration includes instruction, dedicated track time, and a race all for only \$100*. All that's required is a track day-prepped street bike and appropriate

safety gear. After you complete two SuperStreet events you have the option to petition for a Novice license... or you can just continue having fun racing SuperStreet! The class is offered every race weekend except June 18-19. For details and to register visit www.mra-racing.org.

SuperStreet begins with a classroom session. Here the MRA's New Rider Director teaches the class.

Next the students gather on their bikes and get ready to go out on the track.

The instructors then lead small groups around the track, so that the riders can familiarize themselves with the layout.

The instructors will then give individualized feedback to the students.

Next session is the launching and starting drills. Riders line up in 2 rows to practice starting against each other.

End of the day and the Super Street race is here. Instructors have set the grid and the starter now signals that the race is about to begin. ...and the grid is away!

* Pre-registration cost. \$125 at track.
Max participants per weekend - 26.

CARL SORENSEN MEMORIAL AWARD

On Thursday, June 25, 2015, the Motorcycle Roadracing Association lost one of its finest competitors and its VP of Rules and Tech, Carl Sorensen. Carl lost his life at the 2015 Pikes Peak International Hill Climb doing what he loved: racing motorcycles.

The Carl Sorensen Memorial Award is given to the winner of the Thunderbike Class each year. Created in 2015, it honors Carl's contributions to the club and his enthusiasm for the class, which he won in 2013. Carl was a powerful example of the qualities we all aspire to as competitors valuing fairness, family and challenge.

Jon Glaefke

DON BRUNER MEMORIAL AWARD

Shannon Moham

The Don Bruner Memorial Award, was established in 2000 by Don's parents, Doyne & Darlene, to honor Don's love of motorcycle racing. Don won the Heavyweight Supersport class championship in 2000 despite his on-track demise; ask Mike Applehans about that story. This award lets the racing world know Don lived his life to its fullest by doing what he loved, and that the family harbors no ill feelings for the sport. The Bruners have been around motorcycles for decades and proudly own and boast the family run Apex Motorsports in Colorado Springs. The award is presented to the Heavyweight Supersport class champion and the second to last race of each season is dedicated to Don's memory.

BOB HEATON DISTINGUISHED SERVICE AWARD

Rick Grosse

The Bob Heaton Distinguished Service Award was introduced in 2014 and is awarded each year to a member or volunteer who demonstrates exceptional service to the club. Bob Heaton was the club's starter for more than 20 years, enduring weather of all types, a changing leadership, and a variable staff. Bob never missed a day of service and additionally he served as our official club meteorologist. He kept our race weekends on track despite the crazy mixture of weather that Colorado can produce. This award honors his service and dedication; values that live on as demonstrated by each recipient.

BECOME A CORNER MARSHAL

What is a Corner Marshal

If you have watched motorcycle road racing, you have probably seen Corner Marshals. They are the people dressed in white, stationed around the track, closely observing the race. Most of the time Corner Marshals are free to watch the racing action. But when a rider crashes, they spring into action. The flagger displays warning flags, informing racers of any hazard. Other crew members assist the downed rider(s) and clear the track. The captain coordinates the crew and keeps race control and medical personnel informed via radio. When the track is cleared, the crew returns to their station and resumes watching the action until they are needed again. No prior experience is necessary; training will be provided. Attendance at every event is not required.

Have Your Skills Hit a Plateau?

Drop your lap times and improve consistency like the pros

Our proven riding technology has helped over 65,000 motorcyclists worldwide transform their skills while riding safer and more confidently. This is why Total Control was chosen by the U.S. Marine Corps to train its elite motorcycle mentors in advanced riding skills. Based on the best-selling book by National Champion Lee Parks, you can learn the secrets of Total Control on your own machine in controlled conditions. All bike types welcome. Call or click today and break through to the next level.

Total Control
Advanced Riding Clinic

New to riding or need an endorsement?

Total Control
Beginner Riding Clinic

New for 2016, the same world-class beginner curriculum used exclusively in California is available in the Centennial State. Students ride significantly more miles, achieve shorter stopping distances and have increased confidence upon graduation compared to traditional programs. Available at premier Colorado training providers. Check the website for a list of locations and dates and begin your journey.

"By taking a Total Control Clinic I was able to identify my weak points and work to improve on them."
—Rick Orlando, 4-time MRA State Champion

David Absolon onboard his 2015 Yamaha R3 racing the Rocky Mountain Kawasaki sponsored Production 400 class at Pueblo on June 21st. The MRA requires all bikes to have an oil catch pan under the motor. Sometimes aftermarket bodywork is not available for current model year race bikes... in this case a couple of turkey basting tins can do the trick.
