Thank You to everyone who helped to make the 2018 Motorcycle Roadracing Association's Season Program a success. With the tremendous support from the advertisers, the input from the members, and the pictures from a whole bunch of very talented photographers, we had the means to create an outstanding program. I would like to thank Ricky Orlando for his countless hours of help. To my son Jacob for his patience while dad worked on the program instead of playing Overwatch, Gang Beasts, and Stick Fight on the computer. Most importantly to my wife Connie for proofreading and taking care of everything else in my life while I created this magazine.

Hello and welcome to the 2018 Motorcycle Roadracing Association Race Series! As we begin the 45th season of competition in our club there is a lot to be excited about! High Plains Raceway, a track that the MRA owns a part of, has new pavement which was laid down using a high-tech paving method that should make an already enjoyable track even better as we compete there in 2018! Especially notable is the paving into turn 4s which will reduce the number of bumps when we use the North Course.

On the topic of racing, we continue to see a ton of interest in our SuperStreet class, which allows street riders a low-cost way to experience racing, gain track experience, and if they choose, to get a race license. In 2017 we saw 15 riders move from "hobbyist" to licensed racer out of the SuperStreet

program; this year I anticipate even more. I would like to thank our sponsors and our members for continuing to refer people to his program and thank the racers that volunteer their time, gas and tires to be instructors.

Speaking of volunteers, former SuperStreet participant Danny Lee Clements is our new Track Marshal and Cindy Wulf has taken on the promotions and marketing role. Please welcome them to our board of directors as they help to shape the future of our club!

...peel off the tire warmers and check the fuel level, it's time to go racing!

# SPORTSMAN OF THE YEAR

A Sportsman, as described by the Webster Dictionary, is a man or woman who exhibits qualities, especially esteemed in those who engage in sports, such as fairness, self control and courtesy. The Sportsman of the Year award is given to a racer that continually demonstrates that they are a Sportsman, as well as one who puts forth a tremendous effort to help the club and their fellow racers. While in the past the recipient of this award was chosen by the previous years Sportsman, starting in 2004 the recipient is chosen by the MRA board of directors. The MRA would like to thank Fay Myers for providing the Sportsman of the Year trophy.

# ROOKIE OF THE YEAR

For many years the MRA has been blessed with outstanding novice racers who have proven that the MRA is not a little club, but rather one to be reckoned with. In 1998, the board of directors decided to create an award that recognized the "first season, true novice racer" who had the greatest improvement in skill and speed over the course of the year. This isn't necessarily the racer who always wins, or spends the most money. Rather it is the one who truly commits themselves to learning the craft of motorcycle roadracing and, as a result, improves their skill by leaps and bounds in their rookie season.

# SUPERSTREET CLASS

The MRA SuperStreet class is designed to allow street riders a low cost way to experience the thrill of closed-course motorcycle competition. Registration includes instruction, dedicated track time, and a race all for only \$100\*. All that's required is a track day-prepped street bike and appropriate safety gear. After you complete two

SuperStreet events you have the option to petition for a Novice license... or you can just continue having fun racing SuperStreet! The class is offered every race weekend except for the third race weekend; June 30th and July 1st. For details and to register visit [www.mra-racing.org](http://www.mra-racing.org).

SuperStreet begins with a classroom session. Here the MRA's New Rider Director teaches the class.

Next the students gather on their bikes and get ready to go out on the track.

The instructors then lead small groups around the track, so that the riders can familiarize themselves with the layout.

The instructors will then give individualized feedback to the students.

Next session is the launching and starting drills. Riders line up in 2 rows to practice starting against each other.

End of the day and the Super Street race is here. Instructors have set the grid and the starter now signals that the race is about to begin. ...and the grid is away!

\* \$100 Pre-registration cost. \$125 at track.  
Maximum of 26 participants per event.

# CARL SORENSEN MEMORIAL AWARD

## Brett Leveque

The Carl Sorensen Memorial Award is given to the winner of the Thunderbike Class each year. Created in 2015, it honors Carl's contributions to the club and his enthusiasm for the class, which he won in 2013. Carl was a powerful example of the qualities we all aspire to as competitors valuing fairness, family, and challenge. Carl lost his life at the 2015 Pikes Peak International Hill Climb doing what he loved: racing motorcycles.

# DON BRUNER MEMORIAL AWARD

## Ryan Burke

The Don Bruner Memorial Award, was established in 2000 by Don's parents, Doyne & Darlene, to honor Don's love of motorcycle racing. Don won the Heavyweight Supersport class championship in 2000 despite his on-track demise before the end of the season; ask Mike Applehans about how Don still won. This award lets the racing world know Don lived his life to its fullest by doing what he loved, and that the family harbors no ill feelings for the sport. The Bruners have been around motorcycles for decades and proudly own and boast the family run Apex Motorsports in Colorado Springs. The award is presented to the Heavyweight Supersport class champion and the second to last race of each season is dedicated to Don's memory.

# BOB HEATON DISTINGUISHED SERVICE AWARD

## Jen Grosse

The Bob Heaton Distinguished Service Award was introduced in 2014 and is awarded each year to a member or volunteer who demonstrates exceptional service to the club. Bob Heaton was the club's starter for more than 20 years, enduring weather of all types, a changing leadership, and a variable staff. Bob never missed a day of service and additionally he served as our official club meteorologist. He kept our race weekends on track despite the crazy mixture of weather that Colorado can produce. This award honors his service and dedication; values that live on as demonstrated by each recipient.

## Have Your Skills Hit a Plateau?

### Drop your lap times and improve consistency like the pros

Our proven riding technology has helped over 170,000 motorcyclists worldwide transform their skills while riding safer and more confidently. This is why Total Control was chosen by the U.S. Marine Corps to train its elite motorcycle mentors in advanced riding skills. Based on the best-selling book by National Champion Lee Parks, you can learn the secrets of Total Control on your own machine in controlled conditions. All bike types welcome. Call or click today and break through to the next level.

### New to riding or need an "M" endorsement?

New for 2018, the same world-class beginner curriculum used exclusively in California and Pennsylvania is available in the Centennial State. Students ride significantly more miles, achieve shorter stopping distances and have increased confidence upon graduation compared to traditional programs. Colorado's only 1-day licensing class is also available at premier Colorado training providers in Metro Denver and Colorado Springs. Check the website for a list of locations and dates and begin your journey.

What is a Corner Marshal?

If you have watched motorcycle roadracing, you have probably seen Corner Marshals. They are the people dressed in white, stationed around the track, closely observing the race. Most of the time Corner Marshals are free to watch the racing action. But when a rider crashes, they spring into action. The flagger displays warning flags, informing racers of any hazard. Other crew members assist the downed rider(s) and clear the track. The captain coordinates the crew and keeps race control and medical personnel informed via radio. When the track is cleared, the crew returns to their station and resumes watching the action until they are needed again. No prior experience is necessary; training will be provided. Attendance at every event is not required.
