Thank You to everyone who helped to make the 2019 Motorcycle Roadracing Association's Season Program a success. With the tremendous support from the advertisers, the input from the members, and the pictures from a whole bunch of very talented photographers, we had the means to create an outstanding program. I would like to thank Ricky Orlando for his countless hours of help. To my son Jacob for his patience while Dad worked on the program instead of playing Fortnite. Most importantly to my wife Connie for proofreading and taking care of everything else in my life while I created this magazine.

It is my pleasure to welcome you back to another exciting season of competition with the Motorcycle Roadracing Association!

Wrapping up our 45th season of racing in 2018 produced some exciting moments and memories, and the MRA continues to explore new ways to improve racing and our community.

New asphalt at High Plains Raceway provided excitement and faster lap times, with a HUGE number of new class records set. While the pavement is a part of this, it also demonstrates the high caliber of riders that are participating at our events. Riders like Ricky Orlando, racing for 43 years, who was inducted to the Colorado Motorsports Hall of fame in 2018 and still secured 3 titles. The MRA raced on the West Course at High Plains for the first time, exploring a track configuration we haven't competing on before. As a club we are incredibly fortunate to have 3 separate venues to race at in Colorado one with multiple configurations keeping our racing exciting at every meeting.

Stable club leadership for 2019 means that you'll see familiar, experienced, dedicated leaders, ready to serve you each time we come together. Personally, I'm thrilled to get to continue to work with such a amazing group of talented people who are committed to our sport and our club.

Nine years ago we had a crazy idea. Let street riders come to our event, get some quality instruction and then cut them loose for a race on their street bikes. Nine years later Superstreet continues to be the way that new members find our club and has been a reliable source of new novices to join the ranks of racers that fill our paddock each year.

Expanding our reach in the community, the MRA held its first annual Racing For Fallen Heroes Charity Event in 2018. With High Plains Raceway, the Yamaha Champions Riding School,

Western Ambulance and numerous sponsors we raised \$10,600 for the Colorado Fallen Heros Foundation, a charity benefiting the families of law enforcement officers who have been killed in the line of duty. Join us for a day of fast fun and camaraderie, supporting a great cause, at this year's event, scheduled for June 30th!

The MRA experienced a tragic event this past year with the passing of Katherine Burke. Kathy served as MRA Treasurer from 2005-2006 and was a member for over 20 years. It has been said that Kathy was like glue. She held us together with the things she seemingly did effortlessly. The MRA has always had a family atmosphere and Kathy embodied that spirit playing track "mom" to many racers and track "grandma" to several racer's children. Kathy was known for her kindness, love of children, love for animals, her passion and love for racing and above all the love for her family. She was a cornerstone in the pits every race weekend providing endless support for countless people with her time and resources. There are other members of our community who will continue to bind us together, but Kathy left an indelible mark on our community.

The MRA introduced a new award in 2018, The Cornerstone Award, which will be given annually to a member of our community whose actions and unique contributions demonstrate their commitment to the MRA family. One who is foundational to our success and sets an example for others to follow. The inaugural recipient is Katherine Burke.

It has been an honor to be a part of the MRA Board of Directors for the past 10 seasons. Thank you for your kindness and support over the years! See ya at the races...

SPORTSMAN OF THE YEAR

Tony Baker

A Sportsman, as described by the Webster Dictionary, is a man or woman who exhibits qualities, especially esteemed in those who engage in sports, such as fairness, self control and courtesy. The Sportsman of the Year award is given to a racer that continually demonstrates that they are a Sportsman, as well as one who puts forth a tremendous effort to help the club and their fellow racers. While in the past the recipient of this award was chosen by the previous years Sportsman, starting in 2004 the recipient is chosen by the MRA board of directors. The MRA would like to thank Fay Myers for providing the Sportsman of the Year trophy.

ROOKIES OF THE YEAR

Justen Behmer Colton Wulf

For many years the MRA has been blessed with outstanding novice racers who have proven that the MRA is not a little club, but rather one to be reckoned with. In 1998, the board of directors decided to create an award that recognized the "first season, true novice racer" who had the greatest improvement in skill and speed over the course of the year. This isn't necessarily the racer who always wins, or spends the most money. Rather it is the one who truly commits themselves to learning the craft of motorcycle road racing and, as a result, improves their skill by leaps and bounds in their rookie season.

SUPERSTREET CLASS

The MRA SuperStreet class is designed to allow street riders a low cost way to experience the thrill of closed-course motorcycle competition. Registration includes instruction, dedicated track time, and a race all for only \$100*. All that is required is a track day-prepped street bike and appropriate safety gear. After you

complete two SuperStreet events you have the option to petition for a Novice license... or you can just continue having fun racing SuperStreet! The class is offered every race weekend except for the fourth race weekend; July 13th and 14th. For details and to register visit www.mra-racing.org.

Photo: Jim Brewer
SuperStreet begins with a classroom session. Here the MRA's New Rider Director teaches the class.

Photo: Jim Browning
Next the students gather on their bikes and get ready to go out on the track.

Photo: ©JLohPhotos
The instructors then lead small groups around the track, so that the riders can familiarize themselves with the layout.

Photo: ©JLohPhotos
The instructors will then give individualized feedback to the students.

Next session is the launching and starting drills. Riders line up in 2 rows to practice starting against each other.

Photo: Jim Browning
End of the day and the SuperStreet race is here. Instructors have set the grid and the starter now signals that the race is about to begin. ...and the grid is away!

* \$100 Pre-registration cost. \$125 at track.
Maximum of 26 participants per event.

CARL SORENSEN MEMORIAL AWARD

Dennis Stowers

The Carl Sorensen Memorial Award is given to the winner of the Thunderbike Class each year. Created in 2015, it honors Carl's contributions to the club and his enthusiasm for the class, which he won in 2013. Carl was a powerful example of the qualities we all aspire to as competitors valuing fairness, family, and challenge. Carl lost his life at the 2015 Pikes Peak International Hill Climb doing what he loved: racing motorcycles.

DON BRUNER MEMORIAL AWARD

Ryan Burke

The Don Bruner Memorial Award, was established in 2000 by Don's parents, Doyne & Darlene, to honor Don's love of motorcycle racing. Don won the Heavyweight Supersport class championship in 2000 despite his on-track demise before the end of the season; ask Mike Applegate about how Don still won. This award lets the racing world know Don lived his life to its fullest by doing what he loved, and that the family harbors no ill feelings for the sport. The Bruners have been around motorcycles for decades and proudly own and boast the family run Apex Motorsports in Colorado Springs. The award is presented to the Heavyweight Supersport class champion and the second to last race of each season is dedicated to Don's memory.

BOB HEATON DISTINGUISHED SERVICE AWARD

Laci Lukachy

The Bob Heaton Distinguished Service Award was introduced in 2014 and is awarded each year to a member or volunteer who demonstrates exceptional service to the club. Bob Heaton was the club's starter for more than 20 years, enduring weather of all types, a changing leadership, and a variable staff. Bob never missed a day of service and additionally he served as our official club meteorologist. He kept our race weekends on track despite the crazy mixture of weather that Colorado can produce. This award honors his service and dedication; values that live on as demonstrated by each recipient.

CORNERSTONE AWARD

Kathy Burke

The MRA introduced a new award in 2018, the Cornerstone Award, which will be given annually to a member of our community whose actions and unique contributions demonstrate their commitment to the MRA family: one who is foundational to our success and sets an example for others to follow. The inaugural recipient is Katherine Burke. Kathy Burke was like glue. She held us together with the things that she seemingly did effortlessly. A kind word of encouragement, some food, even just her presence in the paddock somehow let us know that it was all "ok". Kathy embodied the power of family and how our community of racers, volunteers, board members, sponsors and others is a family of sorts with our passion for competition tempered by our desire for community and bad karaoke. There are other members of our community who will continue to bind us together, but Kathy left an indelible mark on our world.

CORNER MARSHALS

What is a Corner Marshal?

If you have watched motorcycle road racing, you have probably seen Corner Marshals. They are the people dressed in white, stationed around the track, closely observing the race. Most of the time Corner Marshals are free to watch the racing action. But when a rider crashes, they spring into action. The flagger displays warning flags, informing racers of any hazard. Other crew members assist the downed rider(s) and clear the track. The captain coordinates the crew and keeps race control and medical personnel informed via radio. When the track is cleared, the crew returns to their station and resumes watching the action until they are needed again. No prior experience is necessary; training will be provided. Attendance at every event is not required.
